ACKNOWLEDGMENTS

Authors would like to express their gratitude to Mr. Ahmad Rateb Popal and they are deeply grateful to Watan Oil and Gas Group for permission to have access and use row data of Amu Darya basin. We are particularly grateful for the assistance given by prof. Shigeo Honma. In addition, we would like to express our thanks to Akita University Support for Fostering Research Project, and JSPS KAKENHI Grant Number JP21K04959 for their valuable funding sources for doing this research.
