\*Editor-in-Chief of the ICOLLITE 2022. Email: nuriaharist@upi.edu

All of the articles in this proceedings volume have been presented at the *ICOLLITE 2022 on August 3<sup>rd</sup>, 2022 in Bandung, West Java Indonesia*. These articles have been peer reviewed by the members of the *publication team members of ICOLLITE* and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

## 1. REVIEW PROCEDURE

The reviews were *single blind*. Each submission was examined by *two reviewer(s)* independently.

*The conference submission management system was the University's portal submission system, i.e., icollite.event.upi.edu.*

The submissions were first screened for generic quality and suitability. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the two reviewers.

Authors of a rejected submission were given the opportunity to revise and resubmit after addressing the reviewers' comments. The acceptance or rejection of a revised manuscript was final.

## 2. QUALITY CRITERIA

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions:

1. Relevance of content to the scope and themes of the conference;

2. Originality and novelty of the study;
3. Soundness of the methods, analyses, and results;
4. Adherence to the ethical standards and codes of conduct relevant to the research field;
5. Clarity, cohesion, and accuracy in language and other modes of expression, including figures and tables.

In addition, all of the articles have been checked for textual overlap in an effort to detect possible signs of plagiarism by the publisher. *The articles have gone through similarity check using a software to avoid plagiarism.*

## 3. KEY METRICS

<i>Total submissions</i>	218
<i>Number of articles sent for peer review</i>	116
<i>Number of accepted articles</i>	101
<i>Acceptance rate</i>	87%
<i>Number of reviewers</i>	15

## 4. COMPETING INTERESTS

Neither the Editor-in-Chief nor any member of the Scientific Committee declares any competing interest.
