All of the articles in this proceedings volume have been presented at the 5th International Conference of Applied Science on Social Science 2022 (The 5th ICAST-SS 2022) during 21st – 23rd October 2022 in Grand Hotel Preanger, Bandung, West Java, Indonesia. These articles have been peer reviewed by the members of the Scientific Committee of Indonesian Society of Applied Science (ISAS) and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

1. REVIEW PROCEDURE

The reviews were *double-blind*. Each submission was examined by *at least 2* reviewer(s) independently.

The conference submission management system was EDAS system.

The submissions were first screened for generic quality, suitability, and paper template. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the two reviewers.

Authors of a accepted submission with minor revision were given the opportunity to revise and resubmit final paper after addressing the reviewers' comments. Then, the acceptance of a revised manuscript was final. Reviewer is given reviewing time maximum one month. Beside reviewer decision, acceptance decision also consider minimum similarity 30% which is analysed by EDAS system.

2. QUALITY CRITERIA

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions:

1. Originality and novelty of the article's content to the scope and themes of the conference;

2. Literature is must relevant to the article theme. It from reputable and updated reference;
3. Technical Discussion, Soundness of the methods, analyses, table data, graphical and results;
4. Contribution and impact to the society;
5. Similarity must less than 30%.

In addition, all of the articles have been checked for textual overlap in an effort to detect possible signs of plagiarism by the publisher.

3. KEY METRICS

Total submissions	181
Number of articles sent for peer review	153
Number of accepted articles	135
Acceptance rate	74%
Number of reviewers	40

4. COMPETING INTERESTS

Neither the Editor-in-Chief nor any member of the Scientific Committee declares any competing interest.

The conference was full funded by participant registration. All authors and reviewers are required to disclose their funding sources, and those research works have been reviewed by members of the Scientific Committee of ISAS with no personal interests.
