All of the articles in this proceedings volume have been presented at the *International Seminar on Delivering Transpersonal Guidance and Counseling Service in School 2022 (ISDTGCSS)* on October 8th, 2022 in Yogyakarta. These articles have been peer-reviewed by the members of the *Scientific Committee* and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

1 Review Procedure

The reviews were single-blind review. Each submission was examined by 2 (two) reviewers independently.

The submissions were first screened for generic quality and suitability with the conferences' focus and scope. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favorable recommendations from the two reviewers.

Authors of a rejected submission were given the opportunity to revise and resubmit after addressing the reviewers' comments. The acceptance or rejection of a revised manuscript was final.

2 Quality Criteria

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions:

1. Pertinence of the article's content to the scope and themes of the conference;
2. Clear demonstration of originality, novelty, and timeliness of the research;
3. Soundness of the methods, analyses, and results;
4. Adherence to the ethical standards and codes of conduct relevant to the research field;
5. Clarity, cohesion, and accuracy in language and other modes of expression, including figures and tables.

D. S. Purnama—Editor-in-Chief of the ISDTGCSS.

6. Compliance with the publishers' author guidelines.

In addition, all of the articles have been checked for textual overlap in an effort to detect possible signs of plagiarism by the publisher. The ISDTGCSS committee conducts a plagiarism check process before submitting to the publisher.

3 Key Metrics

Total submissions	85
Number of articles sent for peer review	82
Number of accepted articles	35
Acceptance rate	42.68%
Number of reviewers	12

Competing Interests. Neither the Editor-in-Chief nor any member of the Scientific Committee declares any competing interest.
