All of the items in this proceedings volume were presented at the Third ULICoSS 2022, held at Radisson Hotel Bandar Lampung from September 6 to 7, 2022. These articles have been peer-reviewed by the members of the Board of Reviewers and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

## 1 Review Procedure

The reviews were open. Each submission was examined by two reviewer(s) independently.

The conference submission management system was Conference BUDDY (cbuddy).

The submissions were first screened for generic quality and suitability. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the two reviewers.

Authors of a rejected submission were given the opportunity to revise and resubmit after addressing the reviewers' comments. The acceptance or rejection of a revised manuscript was final.

## 2 Quality Criteria

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions:

1. Pertinence of the article's content to the scope and themes of the conference;
2. Clear demonstration of originality, novelty, and timeliness of the research;
3. Soundness of the methods, analyses, and results;

---

R. Perdana—Editor-in-Chief of the ULICoSS.

4. Adherence to the ethical standards and codes of conduct relevant to the research field;
5. Clarity, cohesion, and accuracy in language and other modes of expression, including figures and tables.

In addition, all of the articles have been checked for textual overlap in an effort to detect possible signs of plagiarism by the publisher.

### 3 Key Metrics

Total submissions	198
Number of articles sent for peer review	150
Number of accepted articles	112
Acceptance rate	56.56%
Number of reviewers	20
