All of the articles in this proceedings volume have been presented at the International Conference of Medical and Life Science (ICoMELISA 2021) during December 12–13, 2021 in Malang. These articles have been peer reviewed by the members of the Editorial Board and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

1 Review Procedure

The reviews were double-blind. Each submission was examined by at least 2 reviewers independently.

The conference submission management system was provide by our it support member.

The submissions were first screened for generic quality and suitability. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the two reviewers.

We do not reject Authors paper. The Authors have opportunity to revise and resubmit after addressing the reviewers' comments. The acceptance of a revised manuscript was final.

2 Quality Criteria

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions:

1. Pertinence of the article's content to the scope and themes of the conference;
2. Clear demonstration of originality, novelty, and timeliness of the research;
3. Soundness of the methods, analyses, and results;

X. Yuan—Editors-in-Chief of the ICoMELISA.

4. Adherence to the ethical standards and codes of conduct relevant to the research field;
5. Clarity, cohesion, and accuracy in language and other modes of expression, including figures and tables.

In addition, all of the articles have been checked for textual overlap in an effort to detect possible signs of plagiarism by the publisher.

3 Key Metrics

Total submissions	15
Number of articles sent for peer review	10
Number of accepted articles	8
Acceptance rate	53.3%
Number of reviewers	5

Competing Interests. Neither the Editor-in-Chief nor any member of the Scientific Committee declares any competing interest.

Some of the authors, Yuyun Yueniwati, were supervised by the Editor-in-Chief, who has recused herself from handling their submissions and has delegated them to colleagues with no personal interests in them.

The conference was partially funded by Global Center of Science Development, a company that has also supported or participated in some of the research submitted to the conference. All authors and reviewers are required to disclose their funding sources, and those research works that were funded by Global Center of Science Development have been reviewed by members of the Scientific Committee with no personal interests in the company.
