All of the articles in this proceedings volume have been presented at the *ICAN-2023* during *October 26–27, 2023 hosted virtually from Indonesia and India*. These articles have been peer reviewed by the members of the *review Committee* and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

1 REVIEW PROCEDURE

The reviews were double-blind peer-reviewed. Each submission was examined by 2 reviewer(s) independently.

Upon initial submission of the manuscript, the authors were acknowledged of the receipt via e-mail. All papers submitted for publication are immediately subjected to preliminary editorial scrutiny by the Editor-in-Chief regarding their suitability. Articles written in poor English language or not conforming to guidelines were returned to the authors to rectify the shortcomings. Plagiarism was checked by Ouriginal software. Manuscripts that appear to be suitable are then mailed to neutral and subject eminent experts. Authors of a rejected submission were given the opportunity to revise and resubmit after addressing the reviewers' comments.

2 QUALITY CRITERIA

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions:

1. Plagiarism checking
2. Quality checking
3. Checking the theme and scope of the conference
