

# Correction to: Proceedings of the 2024 5th International Conference on Civil, Architecture and Disaster Prevention and Control (CADPC 2024)

Peng Liu, Hüseyin Bilgin, Jialing Yang, and Bin Hu

## Correction to:

**P. Liu et al. (eds.), *Proceedings of the 2024 5th International Conference on Civil, Architecture and Disaster Prevention and Control (CADPC 2024)*, Atlantis Highlights in Engineering 31, <https://doi.org/10.2991/978-94-6463-435-8>**

In the original version of the book, the chapter position has been changed as follows:

- Chapter 36, “Stress analysis of continuous rigid bridge reinforced by extracorporeal prestressing” has been moved to the position of Chapter 37.
- Chapter 37, “Slope Stability Analysis of Suichang Gold Mine Based on Numerical Simulation Method” has been moved to the position of Chapter 38.
- Chapter 38, “Design and analysis of monitoring scheme for raft foundation of super high-rise building” has been moved to the position of Chapter 39.
- Chapter 39, “Preliminary study on precursor information of loading and unloading failure of fractured sandstone in cold regions” has been moved to the position of Chapter 40.
- Chapter 40, “Analysis for influencing factors of slope stability and multivariate polynomial regression” has been moved to the position of Chapter 41.
- Chapter 41, “Numerical Modeling and Analysis of Open-pit Mine Landslide Based on Oblique Photogrammetry and GDEM-GAVA” has been moved to the position of Chapter 36.

---
