All of the articles in this proceedings volume have been presented at the The 7th International Conference on Learning Innovation and Quality Education (ICLIQE 2023) during 28 July 2023 in UNS Tower Surakarta. These articles have been peer reviewed by the members of the the members of the Scientific Committee and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

1. REVIEW PROCEDURE

The reviews were single-blind. Each submission was examined by at least 2 reviewers independently.

The conference submission management system was Open Conference Systems 2.3.6.0, which is open source conference management software developed, supported, and freely distributed by the Public Knowledge Project under the GNU General Public License.

The submissions were first screened for generic quality and suitability. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the two reviewers.

Authors of a rejected submission were given the opportunity to revise and resubmit after addressing the reviewers' comments. The acceptance or rejection of a revised manuscript was final.

2. QUALITY CRITERIA

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions

1. Pertinence of the article's content to the scope and themes of the conference;
2. Clear demonstration of originality, novelty, and timeliness of the research;
