## 1. REVIEW PROCEDURE

The reviews were *Single Blind*. Each submission was examined by 2 reviewer(s) independently.

*The conference submission management system was Meteor and Open Submission through Email*

The submissions were first screened for generic quality and suitability. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. A paper could only be considered for acceptance if it had received favourable recommendations from the two reviewers.

Authors of a rejected submission were given the opportunity to revise and resubmit after addressing the reviewers' comments. The acceptance or rejection of a revised manuscript was final.]

*[All the reports have been reviewed by Editor in Chief and in case of rejection Authors were given opportunity to revise it and reconsidered for publication.]*
