

Peer-Review Statements

Wanus Srimaharaj

The International College, Payap University, Thailand

*Editor-in-Chief of the ICLI2026. Email: wanus_s@payap.ac.th

All of the articles in this proceedings volume have been presented at the 2nd International Conference on Lifespan Innovation (ICLI 2026) during June 11–12, 2026, held virtually. These articles have been peer reviewed by the members of the Conference Committees and approved by the Editor-in-Chief, who affirms that this document is a truthful description of the conference's review process.

1. REVIEW PROCEDURE

The reviews were double-blind. Each submission was examined by three independent reviewers. The conference submission management system was the internal review system of the ICLI conference website (icli.payap.ac.th), which maintained the double-blind requirements.

The submissions were first screened for generic quality and suitability for the conference theme. After the initial screening, they were sent for peer review by matching each paper's topic with the reviewers' expertise, taking into account any competing interests. Following the rigorous peer-review process, the final decision was made.

2. QUALITY CRITERIA

Reviewers were instructed to assess the quality of submissions solely based on the academic merit of their content along the following dimensions:

- Pertinence of the article's content to the scope and themes of the conference.
- Clear demonstration of originality, novelty, and timeliness of the research.
- Soundness of the methods, analyses, and results.
- Adherence to the ethical standards and codes of conduct relevant to the research field.

- Clarity, cohesion, and accuracy in language and other modes of expression, including figures and tables.

In addition, all of the articles have been checked for textual overlap in an effort to detect possible signs of plagiarism by the publisher.

3. KEY METRICS

<i>Total submissions</i>	68
<i>Number of articles sent for peer review</i>	68
<i>Number of accepted articles</i>	35
<i>Acceptance rate</i>	51.48%
<i>Number of reviewers</i>	29

4. COMPETING INTERESTS

The 2nd International Conference on Lifespan Innovation (ICLI 2026) was hosted by Payap University, which funded the operational costs. Neither the Editor-in-Chief nor any member of the Conference Committees declares any competing interest.
