The Role of Culture and Education of Higher Anniversary Archives

As a special cultural wealth, the anniversary of University Archives carries spiritual and cultural information over the years, the celebration comes from practice archive material and spiritual civilization construction of schools, its future school construction and development plays a very important reference. Archives celebration in much of the physical form, but from the thought process embodies the idea of a change of an era as well as colleges and universities, the spirit, and the struggle. These precious resource files after filing of our staff, upgrade, become rich in content, and there is a clear theme characteristic of the times archives cultural entity, gives an intuitive feel. It has accumulated rich humanism education colleges heritage, to inspire students to study hard, to stimulate their enthusiasm for scientific innovation, it is empty theory preaching irreplaceable, influential role in improving the quality of people.

Jilin Agricultural University, the school has a history of over half a century, in which the accumulation of 60 years formed a very deep historical resources. Ambassador archives holds 60 years of school and other aspects of materials; precious reflect the long history of Chinese and foreign academic exchanges; teaching archives, teachers and students have graduated the previous photo, enrollment form, transcript, diploma students prove stubs; reflect the school achievement award certificate; in addition, gifts celebration of domestic and foreign friends, these rich and detailed historical data, recorded 60 Ambassador of glory, reflecting the rich cultural heritage Agricultural University, school history of these files is extremely valuable intangible schools assets, is to inspire and encourage the continued momentum of college students' innovation.

Rise of the storm, a century enlightenment, the party accomplished today." Ambassador in the history of development and construction, the marshes, and the fate of the country, the nation and the times of circulation is closely related to people and things will certainly cause some college students today "In Shi Jian this "role. Therefore, we want to work as a guideline celebration archives direction, shape and inspire a new generation of talent to do business.

The Method to Serve Files Celebration Campus Culture

To achieve the celebration archives to better serve the construction of campus culture, it should be from the following aspects:

Relying Celebration, rich subject matter anniversary archives. The main purpose of the celebration is the finishing school of University culture, summed up experience in education, to further enhance the educational level. Universities anniversary is the future, the past and the milestone is hard work ahead and create brilliant new starting point, it is a source of power and achieve new development. Jilin Agricultural University, for example, by the Celebration school students to show my style, highlighting the style of the era of my school, my school Acura school achievement. Celebration fully demonstrates the level of development and the strength of running

schools; highlight of my school teachers and students and progressive spirit; underlines our school strong organizational skills. Celebration fully demonstrated the Jilin Agricultural University, trials and hardships, tempering the vicissitudes of 60 years, fragrant peaches and plums, Fruitful sixty years of struggle. In some ways, he said collecting anniversary archives, accumulated from the reflection of the success Celebration or not. As archivists, we combine the goal of campus culture construction, effectively relying Celebration, celebration integrate the use of archival resources. Celebration archives can be combined Celebration theme to organize, to form a more systematic, full of school characteristics and profound educational file column (such as "leadership inscription", "Academic Forum", "Photo Gallery", etc.), reflect the times and radiation force.

In "cultural celebration" for the carrier, innovative way to promote its cultural archives. Celebration can pursue cultural history, witnessed a brilliant future, in different ways to promote the values and goals of the school, motivate staff and students motivated. Through a variety of ways to reproduce this advanced cultural force. (1) new students (undergraduate and graduate) school history education, by visiting the History Museum, listen to school history to explain, to understand the development process of the school. (2) the use of the school newspaper, school and other periodicals OF newspaper carried the celebration essay, photography school history, our alumni and the like; (3) through the organization of cultural exhibitions archives, the celebration of souvenirs, gifts, pictures, school badge, the school mark, inscription and other celebrities full consolidation, with appropriate instructions relating to display text, to enrich school history file; (4) the use of the campus network and modern information and communication technologies for the celebration of the full video, forums video lectures, anniversary theatrical performances, such as the establishment of digital photos unified appreciation, learning and communication platform to strengthen publicity and education efforts; (5) as other cultural activities on campus Student societies and other editorial material.

Celebration Archives active service Campus Culture. Core of the campus culture construction of university campus culture is an important ways and means of ideological and political education of college students, college students overall purpose is to develop healthy development, cultivate innovative spirit and practical ability. To this end, universities should attach great importance and give full play to the role of the Campus Culture Construction in Building Harmonious Campus. Construction of Campus Culture is a complex huge system engineering, University Archives collection management and service in one of the archives of the same responsibility in the process of construction of campus culture, the school Archives building, construction of campus culture itself is an integral part, archivists should do something, give full play to their wisdom and actively participate in the construction of campus culture. Campus culture is an important part of socialist advanced culture, so when you build all kinds of files relating to the celebration, should adhere to the correct direction of advanced culture, deeply implement the party's education policy, obedience and service centers in school work, providing school reform and development of spiritual power as the starting point, the fundamental goal of educating people, efforts to create a line with the development requirements of the times, with effective and diversified cultural celebration file system.

Use celebration archives, creating campus features spiritual culture. Archives celebration has a unique advantage in the Construction of characteristic campus culture, make full use of alumni donations physical files in a campus landscaping Characteristic Campus Culture of state and campus cultural facilities in the show efficacy. Through scientific planning, well-built, so beautiful campus cultural characteristics and tasteful was given vitality, more suitable for the developmental needs of students. Cheerful student body and mind, to cultivate their temperament, shaping their soul. Spiritual culture is the core of the campus culture, better exploitation anniversary of archival resources more quickly to the construction of campus culture has a great role in promoting: (1) the development of excellent ethos anniversary archive help development; (2) the development of archives help anniversary good style of study development; (3) the promotion of academic and cultural development of archives celebration dissemination: (4) anniversary archives patriotism education enrich a history museum. Higher anniversary of the formation of archives has its own

uniqueness, which records the past school history and current practice, which is essential collection, which will help further expand the development and utilization of integrated services Universities Archives feature, you can enrich the cultural life of the campus theme, create a good atmosphere for education, campus culture to create distinctive.

In short, the formation of archives celebration has its own uniqueness, it can be a complete record of the history and current practice of the school, it will help to further expand the comprehensive development and utilization of services Archives school campus more abundant theme cultural life, and create a good atmosphere for education, it is possible to narrow the distance between the public and the archives, as an archivist, have a lofty sense of responsibility and a strong sense of mission, to provide quality services closely around the overall work of the school to the "progressive course of China's advanced culture" service for the purpose, so that the file can work better for the training of the new century socialist builders and successors services.
